Issue above

No. C.297/21-22:Muz

Office of the Deputy Commissioner
Mysore District
Dated, Mysore, 13th December 1921.

From

L.F. Bowring, Esquire,
Deputy Commissioner,
Mysore District.

To

T.E. Jayarama Iyer, Esq., B.A., B.L.,
Secretary to the Government of
His Highness the Maharaja of Mysore
Muzrai Department. Bangalore.

Sir,

I have the honor to state that Government in their Ord. 3284-86/Muz.536-18-2 dated 16th April 1919, have sanctioned an annual allotment of Rs.300/- for expenses in connection with the Jatra and Cattle-show at Churchankatte, Yedatore Taluk.

2. Owing to the prevailing high prices of articles, the Amildar has applied for sanction to the estimates aggregating Rs.600/- required for the Sanitary and other works in connection with the Jatra. That is, permission is sought for to additional expenditure of Rs.300/- over the sanctioned scale

3. On a similar recommendation made last year Government in their Order No.2581-2 Muz.327-20-2 dated 2nd February 1921 accorded sanction to the expenditure of Rs. 300/- in excess to the allotment provided for the purpose.

4. From the correspondence received separately from the Amildar it is seen that Rs.439-2-11 was the amount actually spent for the Jatra last year i.e., the amount that exceeded the sanctioned allotment was only Rs.139-2-11

Under these circumstances I request that you will be so good as to obtain the sanction of Government to an additional expenditure to the extent of Rs.300/- over the sanctioned scale for the current year's Jatra also, as matters have not in any way improved in regard to the prices of articles.

As the Jatra is to come off about the middle of January next and necessary arrangements in connection therewith have to be made before hand, early orders of Government may kindly be obtained in the matter.

I have the honor to be,

Sir,

Your most obedient servant,

For Deputy Commissioner,
Mysore District.

Amildar.

Report on the Sri Rama Brahmotsavam
and yatra at Chunchankatte
of Yedatore Taluk held in
January 1922.

The utsava-devaru whose temple is situated in Yedatore, was taken in procession in the palanquin to Chunchankatte on the 5th January 1922. The procession left Yedatore at 2 P.M. and reached Chunchankatte at 7.30 P.M. There was as usual, a number of Mandapotsavams on the way and at Chunchankatte. The congregation of devotees was very large and bands and music were playing Everywhere. The roads and Chunchankatte were decorated with green Thoranams and buntings The function Ended with Nivedanam and worship in the temple. — · —

2 The Brahmotsavam commenced on the 8th January 1922 as per programme annexed and Ended on the 19th idem. One important feature of the Brahmotsavam this year was that a very large number of devotees came forward to celebrate the utsavams on a grand scale. A committee was formed among themselves with Mr: M. Venkatachala Iyengar, Vice President, Taluk Board, as Chairman. Their finished report which gives the detailed account is Enclosed — (Vide No: I)

(Vide No: 1)

The total collections amounted to Rupees 921-3-6 and the sum realised by the sale of the surplus articles came to Rs 61-7-7 thus making a grand total of Rs 982-11-1. The Expenditure came to Rs 786-9-4 leaving a balance of Rs 196-1-9. This amount after deducting the cost of printing was proposed to be utilised for preparing a gold Dhwajam.

The Uthsavams were celebrated with such grandeur that dramas and other shows had to be given with very thin houses.

There was profuse Nivedanam every night and the Prasadam was distributed without distinction among all Hindus whether they were Brahmins or non Brahmins. Thanks to the philanthropic and religious spirit of the band of devotees of Sri Rama that the whole congregation enjoyed the Uthsavam and satisfaction and delight could be read in every face.—

3 The car festival came off on the 15th January 1922. Though the car procession commenced a little late on account of the repairs not having been finished in time it reached the destination safe by 4 p.m. The floating festival which was Celebrated on the 17th idem was very grand and was attended by thousands of

people The Sub division officer was kind Enough to halt at Chunakam Kalle from the 13th to the 17th idem and guide the whole activities. —

4. The return procession from Chunakam Kalle to yeoatore of the Vethsava Devane took place on the 7th February 1922. There were the usual offerings in front of Every road side Village — The Samathanothsavam in Narayana swamichettis gardon near yeoatore was very grand and was largely attended. The procession reached the temple at 10 P.m. —

5. The shops began to be opened at Chunakam Kalle from the 5th January. The gathering was in full swing from the 13th to the 21st idem. The petta shops continued as usual for some time longer after the close of the gathering. It was said that the sales were not as brisk as last year There were the usual dramas, Circus and other shows. —

6 The Cattle began to assemble from the 5th January The total number of Cattle that gathered was 22705 against 20500 in the previous year. The Cattle market was said to have been not as active as last year. The Cattle show took place on the 17th idem and the prizes were prescribed by the Sub division officer ~~Rs 200.~~

The District Board very kindly allotted the usual sum of Rs 200/= for awarding prizes. Instead of medals and money prizes agricultural implements for the full amount were purchased and distributed among the prize winners. The ryots appreciated this change very much. Lectures on agriculture, cattle and cooperation were delivered at the time of prize-distribution. A separate report is being submitted on the cattle shows. —.

The right to collect tolls on cattle and sheep was as usual sold by public auction and fetched the sum of Rs 4500- against Rs 4360 in the previous year. The sale of manure fetched Rs 500/= against Rs 745 in 1920-21. The Gudaka collections amounted to- Rs 121-13-0 against Rs 85-2-9 in the previous year Thus the total collections came to- Rs 5121-13-0 against Rs 5390-2-9 in the previous year. -

& The sanitary arrangements were quite satisfactory. Model latrines in strong and well made bamboo mattics were constructed in ten places Separate latrines were allotted to males and females. They were very freely used. Nine Scavengers

Scavengers and Sweepers with four peons supervised by two Sanitary Inspectors attended to the Sanitation - The District Board very kindly deputed for the gathering period a second Sanitary Inspector from Matugama. The latrines were cleaned Every two hours Phenyle and Sand were profusely used. The roads and surroundings were being swept twice a day. All trash vegitation fresh fear and other dirt had been completely removed Insanitary pits had been filled up. The whole place was kept quite clean and tidy. The staff worked hard and Enthusiastically. -

A Sum of Rs 30/= had been sanctioned by the Paluk Board for the removal of trash vegitation and a further Sum of Rs 150 had been sanctioned by the District Board for the Construction of Latrines payment to Sweepers and other items. The Expenditure under both the items came to Rs 179-50. The sale of the latrine bamboos fetched Rs 22/= which amount was credited to Local Funds. The net Expenditure Therefore comes to Rs 157-50 only. Owing to paucity of funds and consequent want of staff and more latrines, better attention could not be paid to the Damming Mala which Covers a large area.

Of the number of latrines and the Establishment

were doubled the sanitation of the whole area could be done after in a satisfactory manner. It would mean an additional Expenditure of Rs 150/- and I am strongly of opinion that this additional Expenditure either from the Temple or District Board Funds is worth incurring in the interest of the sanitation of such a large gathering —.

9 A sum of Rs 100 is allotted in the Scale of Expenditure for allowance to Taluk and Police Establishment deputed for duty during Rathotsava. The police according to their bill were paid Rs 25/- The balance of Rs 75/- was disbursed among other officials according to the prescribed scale. The accounts with vouchers were submitted to the subdivision officer with my report No. 87 dated 19.2.21 They were seen and returned with the subdivision officer's order No. M. dis dc 910 of 21.2.22 In this connection it has to be observed that the allotment is quite insufficient Mr Govindan of Manjeshwar, a member of the Taluk Board Chairman of the village and Forest-Panchayet; and the Village Munsiff, readily came to the help of the officials. He ran a

Common mess and bore the additional Expen-
diture. A spacious pandal had been erected
for the purpose and special Cooks had been
Employed. Mr: T. Subba Rao of Tekpur contributed
100 bees of rice the arrangements were Excellent
and the management was quite Creditable.-
The officials and others could not be sufficiently
grateful to Mr. Govindachari for his Philon-
-thropic work..

10 The sum of Rs 300/- provided in the Scale
of Expenditure for Rathotsavam was spent
as usual. These are almost fixed items of Ex-
penditure and a detailed report was submitted
to the sub-division with my report No. 886 dated 10/70
dated 16/ 2/22 They were seen and returned with
this order No. M. Dis Dc 910 dated 21. 2. 22. The
statements Enclosed (Vide No III) give the
particulars.- + No III A

11 Per G. O. No. 1487-90 dated 14th June 1921
627-20-1
a sum of Rs 500 annually is sanctioned for
Jatra (Sanitation Etc) instead of the sum of
Rs 300/- sanctioned in the scale of Expenditure
A detailed report No 84 dated 14. 2. 22 with vouchers
was submitted to the sub division officer, Krishna-
rayasagara An abstract of the Expenditure is
Enclosed (Vide Statement No IV) The Expenditure

Expenditure came to Rs 499-9-7 against Rs 439-2-11 in the previous year. No items of Expenditure calls for any special notice. They were the usual items.- It is gratifying to observe that the road and other repairs and white washing were very well done by the Contractor. The Subdivision Officer was pleased to personally inspect all the Works done. It would be better if the road repairs are done during the rainy season Every year but separately Mr Lorders dough 19/

It does not appear to be any objection to spend the same amount a few months prior to the gathering, as the road work could better be done from July to September than in January.-.

12 . In connection with this gathering - one point deserves mention. It is said to be the custom that certain villagers should do certain work in return. for which they are given the right of fishing in the Lagoons in the Dhanushkodi But the free labour comes so sparingly and reluctantly and in such insufficient quantity that to get through the whole business the personal Exertion and Supervision involved is more than

There double the value of the labour actually
contributed. With all this it is not time and
causes lot of inconvenience and trouble.
The value of the free labour all told might
not be more than Rs 150/= while the fishing
right if sold by public auction is expected
to fetch double this amount, which will
result in a distinct gain to the temple funds
A separate report will be submitted in
this matter.--

Executive Officer
